

Ohio Revised Code

Section 3107.091 Completing social and medical history forms subsequent to adoption.

Effective: March 20, 2015

Legislation: Senate Bill 23

(A) As used in this section, "biological parent" means a biological parent whose offspring, as a minor, was adopted and with respect to whom a medical and social history was not prepared prior or subsequent to the adoption.

(B) A biological parent may request the department of job and family services to provide the biological parent with a copy of the social and medical history forms prescribed by the department pursuant to section 3107.09 of the Revised Code. The department, upon receipt of such a request, shall provide the forms to the biological parent, if the biological parent indicates that the forms are being requested so that the adoption records of the biological parent's offspring will include a social and medical history of the biological parent.

In completing the forms, the biological parent may include information described in division (C) of section 3107.09 of the Revised Code, but shall not include identifying information. When the biological parent has completed the forms to the extent the biological parent wishes to provide information, the biological parent shall return them to the department. The department shall review the completed forms, and shall determine whether the information included by the biological parent is of a type permissible under divisions (B) and (C) of section 3107.09 of the Revised Code and, to the best of its ability, whether the information is accurate. If it determines that the forms contain accurate, permissible information, the department, after excluding from the forms any information the department deems impermissible, shall file them with the court that entered the interlocutory order or final decree of adoption in the adoption case. If the department needs assistance in determining that court, the department of health, upon request, shall assist it.

The department of job and family services shall notify the biological parent in writing if it excludes from the biological parent's social and medical history forms information deemed impermissible. On receipt of the notice, the biological parent may petition the court with which the forms were filed to make a finding as to whether the information is permissible. On receipt of the petition, the court

shall issue its finding without holding a hearing. If the court finds the information is permissible, it shall cause the information to be included on the forms.

Upon receiving social and medical history forms pursuant to this section, a court shall cause them to be filed in the records pertaining to the adoption case.

Social and medical history forms completed by a biological parent pursuant to this section may be corrected or expanded by the biological parent in accordance with division (D) of section 3107.09 of the Revised Code.

Access to the histories shall be granted in accordance with division (D) of section 3107.17 of the Revised Code.

(C) This section does not preclude a biological parent from completing a social and medical history in accordance with section 3107.393 of the Revised Code instead of this section.
