

Ohio Revised Code

Section 3123.90 Identification of obligors at casinos; withholding winnings.

Effective: September 15, 2014

Legislation: House Bill 483 - 130th General Assembly

(A) As used in this section, "casino facility," "casino operator," and "management company" have the meanings defined in section 3772.01 of the Revised Code.

(B) The department of job and family services shall develop and implement a real time data match program with each casino facility's casino operator or management company to identify obligors who are subject to a final and enforceable determination of default made under sections 3123.01 to 3123.07 of the Revised Code.

(C) Upon the data match program's implementation, if a person's winnings at a casino facility are an amount for which reporting to the internal revenue service of the amount is required by section 6041 of the Internal Revenue Code, as amended, the casino operator or management company shall refer to the data match program to determine if the person entitled to the winnings is in default under a support order. If the data match program indicates that the person is in default, the casino operator or management company shall withhold from the person's winnings an amount sufficient to satisfy any past due support owed by the obligor identified in the data match up to the amount of the winnings.

(D) Not later than seven days after withholding the amount, the casino operator or management company shall transmit any amount withheld to the department as payment on the support obligation.

(E) The department, in consultation with the Ohio casino control commission, may adopt rules under Chapter 119. of the Revised Code as are necessary for implementation of this section.
