

Ohio Revised Code

Section 3301.0715 District board to administer diagnostic assessments - intervention services.

Effective: September 17, 2014

Legislation: House Bill 487 - 130th General Assembly

(A) Except as otherwise required under division (B)(1) of section 3313.608 of the Revised Code, the board of education of each city, local, and exempted village school district shall administer each applicable diagnostic assessment developed and provided to the district in accordance with section 3301.079 of the Revised Code to the following:

(1) Any student who transfers into the district or to a different school within the district if each applicable diagnostic assessment was not administered by the district or school the student previously attended in the current school year, within thirty days after the date of transfer. If the district or school into which the student transfers cannot determine whether the student has taken any applicable diagnostic assessment in the current school year, the district or school may administer the diagnostic assessment to the student. However, if a student transfers into the district prior to the administration of the diagnostic assessments to all students under division (B) of this section, the district may administer the diagnostic assessments to that student on the date or dates determined under that division.

(2) Each kindergarten student, not earlier than the first day of the school year and not later than the first day of November, except that the language and reading skills portion of the assessment shall be administered by the thirtieth day of September to fulfill the requirements of division (B) of section 3313.608 of the Revised Code.

For the purpose of division (A)(2) of this section, the district shall administer the kindergarten readiness assessment provided by the department of education. In no case shall the results of the readiness assessment be used to prohibit a student from enrolling in kindergarten.

(3) Each student enrolled in first, second, or third grade.

Division (A) of this section does not apply to students with significant cognitive disabilities, as

defined by the department of education.

(B) Each district board shall administer each diagnostic assessment when the board deems appropriate, provided the administration complies with section 3313.608 of the Revised Code. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) Any district that received a grade of "A" or "B" for the performance index score under division (A)(1)(b), (B)(1)(b), or (C)(1)(b) of section 3302.03 of the Revised Code or for the value-added progress dimension under division (A)(1)(e), (B)(1)(e), or (C)(1)(e) of section 3302.03 of the Revised Code for the immediately preceding school year may use different diagnostic assessments from those adopted under division (D) of section 3301.079 of the Revised Code in order to satisfy the requirements of division (A)(3) of this section.

(D) Each district board shall utilize and score any diagnostic assessment administered under division (A) of this section in accordance with rules established by the department. After the administration of any diagnostic assessment, each district shall provide a student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment to the parent of that student, and shall include all such documents and information in any plan developed for the student under division (C) of section 3313.608 of the Revised Code. Each district shall submit to the department, in the manner the department prescribes, the results of the diagnostic assessments administered under this section, regardless of the type of assessment used under section 3313.608 of the Revised Code. The department may issue reports with respect to the data collected. The department may report school and district level kindergarten diagnostic assessment data and use diagnostic assessment data to calculate the measure prescribed by divisions (B)(1)(g) and (C)(1)(g) of section 3302.03 of the Revised Code.

(E) Each district board shall provide intervention services to students whose diagnostic assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.
