Legislation: House Bill 520 - 131st General Assembly

---

(A) Each electing employee shall contribute an amount, which shall be a certain percentage of the employee's compensation, to the provider of the investment option the employee has selected. This percentage shall be the percentage the electing employee would have otherwise been required to contribute to the state retirement system that applies to the employee's position, except that the percentage shall not be less than three per cent. (C)(1) In no event shall the amount contributed by the electing employee pursuant to division (A) of this section and on the electing employee's behalf pursuant to division (B) of this section be less than the amount necessary to qualify the plan as a state retirement system pursuant to Internal Revenue Code 3121(b)(7) and the regulations adopted thereunder.

(2) The full amount of the electing employee's contribution under division (A) of this section and the full amount of the employer's contribution made on behalf of that employee under division (B) of this section shall be paid to the appropriate provider for application to the electing employee's investment option.

(D) Each public institution of higher education employing an electing employee shall contribute on behalf of that employee to the state retirement system that otherwise applies to the electing employee's position a percentage of the electing employee's compensation to mitigate any negative financial impact of the alternative retirement program on the state retirement system. The percentage
