

Ohio Revised Code

Section 3313.6021 Instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator in high schools.

Effective: September 14, 2016

Legislation: House Bill 113 - 131st General Assembly

(A) As used in this section, "psychomotor skills" means the use of hands-on practice to support cognitive learning.

(B) Beginning with the 2017-2018 school year, except as provided in division (E) of this section, each school operated by a school district which offers grades nine to twelve shall provide instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator.

Instruction shall include the psychomotor skills necessary to perform cardiopulmonary resuscitation and use an automated external defibrillator and shall be either of the following:

(1) An instructional program developed by the American heart association or the American red cross that includes instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator;

(2) An instructional program that is nationally recognized and based on the most current national, evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation and the use of an automated external defibrillator.

(C) No student shall receive certification in cardiopulmonary resuscitation and the use of an automated external defibrillator unless the student is trained by an authorized or certified instructor.

(D) Nothing in this section requires a licensed educator to be certified to provide training in the manner prescribed by this section to facilitate, provide, or oversee instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator that does not result in certification of students.

(E) If a student is excused from taking instruction in cardiopulmonary resuscitation under division
