

Ohio Revised Code

Section 3313.812 Food service to multiple districts or schools within districts.

Effective: November 23, 1977

Legislation: Senate Bill 221 - 112th General Assembly

A board of education may provide food service to one or more school districts on a contract basis. Two or more boards of education may establish a central kitchen on premises owned by one of the boards to provide food service to multiple schools within the districts.

Boards of education may form cooperatives and establish revolving accounts for the purpose of purchasing food and supplies and equipment used in food service operations.
