

## Ohio Revised Code

### Section 3314.0210 Property purchased by operator or management company.

Effective: February 1, 2016

Legislation: House Bill 2 - 131st General Assembly

---

When an operator or management company purchases furniture, computers, software, equipment, or other personal property for use in the operation of a community school under this chapter with state funds that were paid to the operator or management company by the community school as payment for services rendered, such property is property of that school and is not property of the operator or management company.

When a community school permanently closes and ceases its operation as a community school, any property that was acquired by the operator or management company of the school in the manner described in this section shall be distributed in accordance with division (E) of section 3314.015 and section 3314.074 of the Revised Code.
