Career-technical education expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school to report data annually so that the department may monitor the school's compliance with the requirements regarding the manner in which funding received under division (A)(8) of section 3317.022 of the Revised Code may be spent.

(B) Except as provided in division (C) of this section, all funds received under division (A)(8) of section 3317.022 of the Revised Code shall be spent in the following manner:

(2) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(C) The department may waive the requirements in division (B) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(D) In any fiscal year, a community school receiving funds under division (H) of section 3317.014 of the Revised Code shall spend those funds only on the following purposes:

- (4) Development of a career development plan for each student that stays with that student for the duration of the student's primary and secondary education;
- (5) Provision of opportunities for students to engage in activities, such as career fairs, hands-on experiences, and job shadowing, across all career pathways at each grade level.

The department may deny payment under division (E) of section 3317.014 of the Revised Code to any school that the department determines is using funds paid under division (H) of section 3317.014 of the Revised Code for other purposes.
