In the case of a student enrolled in the school for the first time for the school year for which the payment is being made, payment shall be made under division (D)(1)(b)(i) of this section at least thirty days after the student is considered to be enrolled in the school in accordance with division (H)(2) of section 3314.08 of the Revised Code, provided the student has been continuously enrolled in the school during that time, as determined by the department. In the case of a student that was enrolled in the school for the prior school year, payment shall be made under division (D)(1)(b)(i) of this section at least thirty days after the student has started to participate in learning opportunities for the school year for which the payment is being made, provided the student has been continuously enrolled in the school during that time, as determined by the department.

(3) All eligible internet- or computer-based community schools that choose to participate in the program shall implement programming or protocol which documents enrollment and participation in learning opportunities in order to participate in the program.
