

Ohio Revised Code

Section 3318.11 Amount of state appropriations encumbered for project - project priority for state funds.

Effective: September 29, 2017

Legislation: House Bill 49 - 132nd General Assembly

For any project undertaken with financial assistance from the state under this chapter, the amount of state appropriations to be encumbered for the project in each fiscal year shall be determined by the Ohio facilities construction commission based on the project's estimated construction schedule for that year. In each fiscal year subsequent to the first year in which state appropriations are encumbered for the project, the project has priority for state funds over projects for which initial state funding is sought.
