

Ohio Revised Code

Section 3333.90 Course and program sharing network.

Effective: September 29, 2015

Legislation: House Bill 64 - 131st General Assembly

(A) The chancellor of higher education shall establish a course and program sharing network that enables members of the university system of Ohio and adult career centers to share curricula for existing courses and academic programs with one another. The purpose of the network shall be to increase course availability across the state and to avoid unnecessary course duplication through the sharing of existing curricula.

(B) The chancellor shall adopt rules to administer the course and program sharing network established under this section.

(C) As used in this section, "member of the university system of Ohio" has the same meaning as in section 3345.011 of the Revised Code.
