

## Ohio Revised Code

### Section 3337.12 Creation, maintenance and operation of college.

Effective: November 17, 1975

Legislation: House Bill 229 - 111th General Assembly

---

The board of trustees of the Ohio university may do all things necessary for the creation, proper maintenance, and continuous and successful operation of the college of osteopathic medicine, including but not limited to, setting the amount of tuition and other fees and charges, appointing and removing employees of the college as the interests of the university indicate and the generally accepted principles of academic tenure permit or require, setting the compensation to be paid for services and materials, and conferring degrees and granting diplomas in recognition of the successful completion of those programs of the college for which accreditation has been received from the appropriate national accrediting authorities.
