

Ohio Revised Code

Section 3357.16 Contracts requiring bidding - biennial adjustment.

Effective: September 29, 2011

Legislation: House Bill 153 - 129th General Assembly

(A) When the board of trustees of a technical college district has by resolution determined to let by contract the work of improvements pursuant to the official plan of such district, contracts in amounts exceeding a dollar amount set by the board, which dollar amount shall not exceed two hundred thousand dollars, shall be advertised after notice calling for bids has been published once a week for three consecutive weeks or as provided in section 7.16 of the Revised Code, in a newspaper of general circulation within the technical college district where the work is to be done. The board of trustees of the technical college district may let such contract to the lowest responsive and responsible bidder, in accordance with section 9.312 of the Revised Code, who meets the requirements of section 153.54 of the Revised Code. Such contract shall be in writing and shall be accompanied by or shall refer to plans and specifications for the work to be done. Such contract shall be approved by the board of trustees and signed by the president of the board and by the contractor.

(B) On the first day of January of every even-numbered year, the chancellor of the board of regents shall adjust the two hundred thousand dollar contract limit set forth in division (A) of this section, as adjusted in any previous year pursuant to this division. The chancellor shall adjust the limit according to the average increase or decrease for each of the two years immediately preceding the adjustment as set forth in the United States department of commerce, bureau of economic analysis implicit price deflator for gross domestic product, nonresidential structures, or an alternative if the federal government ceases to publish this metric, provided that no increase or decrease for any year shall exceed three per cent of the contract limit in existence at the time of the adjustment. Notwithstanding division (A) of this section, the limit adjusted under this division shall be used thereafter in lieu of the limit in division (A) of this section.

(C) Before entering into an improvement pursuant to division (A) of this section, and except for contracts made with a construction manager at risk, a design-build firm, or a general contracting firm, as those terms are defined in section 153.50 of the Revised Code, the board of trustees of a technical college district shall require separate and distinct proposals to be made for furnishing

materials or doing work on the improvement, or both, in the board's discretion, for each separate and distinct branch or class of work entering into the improvement. The board of trustees also may require a single, combined proposal for the entire project for materials or doing work, or both, in the board's discretion, that includes each separate and distinct branch or class of work entering into the improvement.

(D) When more than one branch or class of work is required, no contract for the entire job, or for a greater portion thereof than is embraced in one such branch or class of work shall be awarded, unless the separate bids do not cover all the work and materials required or the bids for the whole or for two or more kinds of work or materials are lower than the separate bids in the aggregate.
