

Ohio Revised Code

Section 3377.17 Chancellor to provide analyses and information on project.

Effective: November 15, 1981

Legislation: House Bill 694 - 114th General Assembly

Before the higher education facilities commission acts upon a proposed project, the commission shall request of the chancellor of the Ohio board of regents:

(A) A fiscal analysis of the college or university submitting the request, including the projected impact of a given project upon the institution;

(B) An analysis of projected enrollments of the educational programs involved with the project as well as an overall institutional projection;

(C) Any other information concerning the proposed project and its impact on the higher education environment in Ohio.
