

Ohio Revised Code

Section 3509.06 Counting absent voters' ballots.

Effective: June 2, 2014

Legislation: Senate Bill 109, Senate Bill 205, Senate Bill 216 - 130th General Assembly

(A) The board of elections shall determine whether absent voter's ballots shall be counted in each precinct, at the office of the board, or at some other location designated by the board, and shall proceed accordingly under division (B) or (C) of this section.

(B) When the board of elections determines that absent voter's ballots shall be counted in each precinct, the director shall deliver to the voting location manager of each precinct on election day identification envelopes purporting to contain absent voter's ballots of electors whose voting residence appears from the statement of voter on the outside of each of those envelopes, to be located in that manager's precinct, and which were received by the director not later than the close of the polls on election day. The director shall deliver to the voting location manager a list containing the name and voting residence of each person whose voting residence is in such precinct to whom absent voter's ballots were mailed.

(C) When the board of elections determines that absent voter's ballots shall be counted at the office of the board of elections or at another location designated by the board, special election officials shall be appointed by the board for that purpose having the same authority as is exercised by precinct election officials. The votes so cast shall be added to the vote totals by the board, and the absent voter's ballots shall be preserved separately by the board, in the same manner and for the same length of time as provided by section 3505.31 of the Revised Code.

(D) Each of the identification envelopes purporting to contain absent voter's ballots delivered to the voting location manager of the precinct or the special election official appointed by the board of elections shall be handled as follows:

(1) The election officials shall compare the signature of the elector on the outside of the identification envelope with the signature of that elector on the elector's registration form and verify that the absent voter's ballot is eligible to be counted under section 3509.07 of the Revised Code.

(2) Any of the precinct officials may challenge the right of the elector named on the identification envelope to vote the absent voter's ballots upon the ground that the signature on the envelope is not the same as the signature on the registration form, that the identification envelope statement of voter is incomplete, or upon any other of the grounds upon which the right of persons to vote may be lawfully challenged.

(3)(a) An identification envelope statement of voter shall be considered incomplete if it does not include all of the following:

(i) The voter's name;

(ii) The voter's residence address;

(iii) The voter's date of birth. The requirements of this division are satisfied if the voter provided a date of birth and any of the following is true:

(I) The month and day of the voter's date of birth on the identification envelope statement of voter are not different from the month and day of the voter's date of birth contained in the statewide voter registration database.

(II) The voter's date of birth contained in the statewide voter registration database is January 1, 1800.

(III) The board of elections has found, by a vote of at least three of its members, that the voter has met the requirements of divisions (D)(3)(a)(i), (ii), (iv), and (v) of this section.

(iv) The voter's signature; and

(v) One of the following forms of identification:

(I) The voter's driver's license number;

(II) The last four digits of the voter's social security number; or

(III) A copy of a current and valid photo identification, a military identification, or a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections, that shows the voter's name and address.

(b) If the election officials find that the identification envelope statement of voter is incomplete or that the information contained in that statement does not conform to the information contained in the statewide voter registration database concerning the voter, the election officials shall mail a written notice to the voter, informing the voter of the nature of the defect. The notice shall inform the voter that in order for the voter's ballot to be counted, the voter must provide the necessary information to the board of elections in writing and on a form prescribed by the secretary of state not later than the seventh day after the day of the election. The voter may deliver the form to the office of the board in person or by mail. If the voter provides the necessary information to the board of elections not later than the seventh day after the day of the election and the ballot is not successfully challenged on another basis, the voter's ballot shall be counted in accordance with this section.

(4) If no such challenge is made, or if such a challenge is made and not sustained, the voting location manager shall open the envelope without defacing the statement of voter and without mutilating the ballots in it, and shall remove the ballots contained in it and proceed to count them.

(5) The name of each person voting who is entitled to vote only an absent voter's presidential ballot shall be entered in a pollbook or poll list or signature pollbook followed by the words "Absentee Presidential Ballot." The name of each person voting an absent voter's ballot, other than such persons entitled to vote only a presidential ballot, shall be entered in the pollbook or poll list or signature pollbook and the person's registration card marked to indicate that the person has voted.

(6) The date of such election shall also be entered on the elector's registration form. If any such challenge is made and sustained, the identification envelope of such elector shall not be opened, shall be endorsed "Not Counted" with the reasons the ballots were not counted, and shall be delivered to the board.

(E) Special election officials, employees or members of the board of elections, or observers shall not disclose the count or any portion of the count of absent voter's ballots prior to the time of the closing of the polling places. No person shall recklessly disclose the count or any portion of the count of absent voter's ballots in such a manner as to jeopardize the secrecy of any individual ballot.

(F) Observers may be appointed under section 3505.21 of the Revised Code to witness the examination and opening of identification envelopes and the counting of absent voters' ballots under this section.
