

Ohio Revised Code

Section 3701.142 Rules for community health workers.

Effective: April 6, 2017

Legislation: Senate Bill 332 - 131st General Assembly

The director of health, in consultation with the medicaid director, shall adopt rules specifying the urban and rural communities that have the highest infant mortality rates in this state. The communities shall be identified by zip code or portions of zip codes that are contiguous. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.
