(2) "Protected health information" means information, in any form, including oral, written, electronic, visual, pictorial, or physical that describes an individual's past, present, or future physical or mental health status or condition, receipt of treatment or care, or purchase of health products, if either of the following applies:

(B) Protected health information reported to or obtained by the director of health, the department of health, or a board of health of a city or general health district is confidential and shall not be released without the written consent of the individual who is the subject of the information unless the information is released pursuant to division (C) of this section or one of the following applies:

(1) The release of the information is necessary to provide treatment to the individual and the information is released pursuant to a written agreement that requires the recipient of the information to comply with the confidentiality requirements established under this section.
