

Ohio Revised Code

Section 3701.98 Standards, policies and procedures.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

Not later than July 1, 2014, the director of health shall establish both of the following by rule adopted under Chapter 119. of the Revised Code:

(A) A standardized process by which all general and city health districts shall collect and report to the director information regarding public health quality indicators.

(B) A policy and procedures for the sharing of health data reported under this section with payers, providers, general and city health districts, and public health professionals.

The rules shall identify the public health quality indicators that are to be a priority for general and city health districts and the information to be collected and reported regarding those indicators. The director of health shall work in conjunction with the association of county health commissioners in identifying the public health quality indicators.
