

Ohio Revised Code

Section 3715.503 Protocols to authorize personally furnishing overdose reversal drugs.

Effective: April 9, 2025

Legislation: Senate Bill 95

(A) In addition to the actions authorized by section 3715.50 of the Revised Code and subject to division (B) of this section, a physician, physician assistant, advanced practice registered nurse, or certified mental health assistant may elect to establish a protocol authorizing any individual to personally furnish a supply of an overdose reversal drug to another individual pursuant to the protocol. A person authorized to personally furnish an overdose reversal drug pursuant to the protocol may do so without having examined the individual to whom the drug may be administered.

(B) A protocol established by a physician, physician assistant, advanced practice registered nurse, or certified mental health assistant for purposes of this section shall include all of the following:

(1) Any limitations to be applied concerning the individuals to whom the overdose reversal drug may be personally furnished;

(2) The overdose reversal drug dosage that may be personally furnished and any variation in the dosage based on circumstances specified in the protocol;

(3) Any labeling, storage, recordkeeping, and administrative requirements;

(4) Training requirements that must be met before a person will be authorized to personally furnish overdose reversal drugs;

(5) Any instructions or training that the authorized person must provide to an individual to whom an overdose reversal drug is personally furnished.

(C) A physician, physician assistant, advanced practice registered nurse, or certified mental health assistant who in good faith authorizes an individual to personally furnish a supply of an overdose reversal drug in accordance with a protocol established under this section, and an individual who in
