

Ohio Revised Code Section 3717.47 Inspections.

Effective: April 12, 2021

Legislation: House Bill 442

(A) All inspections of food service operations conducted by a licensor under this chapter shall be conducted according to the procedures and schedule of frequency specified in rules adopted under section 3717.51 of the Revised Code. An inspection may be performed only by an individual registered as an environmental health specialist or environmental health specialist in training under Chapter 4736. of the Revised Code. Each inspection shall be recorded on a form prescribed and furnished by the director of health or a form approved by the director that has been prescribed by a board of health acting as licensor. With the assistance of the director, a board acting as licensor, to the extent practicable, shall computerize the inspection process and shall standardize the manner in which its inspections are conducted.

(B) A person or government entity holding a food service operation license shall permit the licensor to inspect the food service operation for purposes of determining compliance with this chapter and the rules adopted under it or investigating a complaint regarding foodborne disease. On request of the licensor, the license holder shall permit the licensor to examine the records of the food service operation to obtain information about the purchase, receipt, or use of food, supplies, and equipment.

A licensor may inspect any mobile food service operation or catering food service operation being operated within the licensor's district. If an inspection of a mobile or catering food service operation is conducted by a licensor other than the licensor that issued the license for the operation, a report of the inspection shall be sent to the issuing licensor. The issuing licensor may use the inspection report to suspend or revoke the license under section 3717.49 of the Revised Code.

(C) An inspection may include an investigation to determine the identity and source of a particular food.
