### Section 3735.53 Contracts of public bodies.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

---

In connection with any housing project located wholly or partly within the area in which it is authorized to act, any state public body may contract with a metropolitan housing authority or the federal government with respect to the sum which the authority or the federal government may agree to pay, during any year or period of years, to the state public body for the improvements, services, and facilities to be furnished by it for the benefit of said housing project, but in no event shall the amount of such payments exceed the estimated cost to the state public body of the improvements, services, or facilities to be furnished. The absence of a contract for such payments shall in no way relieve any state public body from the duty to furnish, for the benefit of said project, all such services and facilities as such state public body usually furnishes without a service fee.
