

## Ohio Revised Code

### Section 3742.071 Certifying results of lead risk assessment and options for reducing identified lead hazards.

Effective: May 18, 2005

Legislation: House Bill 11 - 125th General Assembly

---

All of the following apply in the performance of activities by persons licensed under this chapter:

(A) A lead risk assessor shall certify in writing the precise results of a lead risk assessment and options for reducing identified lead hazards.

(B) A clearance technician may perform a clearance examination when the examination is in connection with activities other than a lead abatement project. A clearance examination performed in connection with a lead abatement project shall be performed only by a lead inspector or lead risk assessor.

(C) The director of health may issue an immediate cease work order to a person licensed under this chapter if the director determines that the license holder is violating the terms or conditions of the license in a manner that endangers or materially impairs the health or well-being of an occupant of a residential unit, child care facility, or school or a person employed to perform lead abatement.
