(2) The division shall group the applicants such that the number of applicants in each of the highly exceeds, exceeds, and meets categories is roughly equal, unless doing so is not possible while conforming to an impartial and evidence-based process. Applicants that do not meet the eligibility requirements prescribed by division (C) of this section shall be placed in the does not meet category.

(3) In conducting the lottery, the division shall give applicants in the exceeds category double the odds of being selected as compared to applicants in the meets category. If no applications or an insufficient number of applications are submitted by such entities that meet the conditions set forth in division (C) of this section, the licenses shall be issued according to usual procedures.

As used in this division, "owned and controlled" means that at least fifty-one per cent of the business, including corporate stock if a corporation, is owned by persons who belong to one or more of the groups set forth in this division, and that those owners have control over the management and day-to-day operations of the business and an interest in the capital, assets, and profits and losses of the business proportionate to their percentage of ownership.

Applications for renewal are not subject to the evaluation, prioritization, ranking, and lottery provisions in divisions (B), (D), and (E) of this section. The division shall not deny an application for renewal based solely on the location of the applicant's existing dispensary facility in proximity to other license holders.

(H) A provisional license issued under this section is not transferable.

(I) No person shall knowingly engage in any of the activities described in section 3796.20 of the Revised Code without a dispensary license issued under this section or Chapter 3780. of the Revised Code, as that chapter existed immediately prior to the effective date of this amendment.
