

Ohio Revised Code

Section 3937.06 Deviation from filings.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

Every member or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may file with the superintendent of insurance a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance for a class of insurance which is found by the superintendent to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of a kind of insurance comprised of a group of manual classifications which is treated as a separate unit for rate making purposes, or for which separate expense provisions are applicable.

When such deviation is filed, it shall become effective immediately and shall be deemed to comply with sections 3937.01 to 3937.17, inclusive, of the Revised Code, unless disapproved by the superintendent as provided in section 3937.04 of the Revised Code. When such filing is not accompanied by the information upon which the insurer supports such deviation and the superintendent does not have sufficient information to determine whether such filing complies with sections 3937.01 to 3937.17, inclusive, of the Revised Code, he may require such insurer to furnish the information upon which it supports such filing. Such information may be of the character provided for in division (A) of section 3937.03 of the Revised Code.
