- (b) Hold or support the device with any part of the person's body.

(9) A person operating a commercial truck while using a mobile data terminal that transmits and receives data;

(10) A person operating a utility service vehicle or a vehicle for or on behalf of a utility, if the person is acting in response to an emergency, power outage, or circumstance that affects the health or safety of individuals;

(11) A person using an electronic wireless communications device in conjunction with a voice-operated or hands-free feature or function of the vehicle or of the device without the use of either hand except to activate, deactivate, or initiate the feature or function with a single touch or swipe, provided the person does not hold or support the device with any part of the person's body;

- (b) Hold or support the device with any part of the person's body.

(13) A person storing an electronic wireless communications device in a holster, harness, or article of clothing on the person's body.

(C)(1) On January 31 of each year, the department of public safety shall issue a report to the general assembly that specifies the number of citations issued for violations of this section during the previous calendar year.

(2) If a law enforcement officer issues an offender a ticket, citation, or summons for a violation of division (A) of this section, the officer shall do both of the following:

- (a) Report the issuance of the ticket, citation, or summons to the officer's law enforcement agency;
- (b) Ensure that such report indicates the offender's race.

(D) Whoever violates division (A) of this section is guilty of operating a motor vehicle while using an electronic wireless communication device, an unclassified misdemeanor, and shall be punished as provided in divisions (D)(1) to (5) of this section.

(1) The offender shall be fined, and is subject to a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege, as follows:

(a) Except as provided in divisions (D)(1)(b), (c), (d), and (2) of this section, the court shall impose upon the offender a fine of not more than one hundred fifty dollars.

(b) If, within two years of the violation, the offender has been convicted of or pleaded guilty to one prior violation of this section or a substantially equivalent municipal ordinance, the court shall impose upon the offender a fine of not more than two hundred fifty dollars.

(c) If, within two years of the violation, the offender has been convicted of or pleaded guilty to two or more prior violations of this section or a substantially equivalent municipal ordinance, the court shall impose upon the offender a fine of not more than five hundred dollars. The court also may impose a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for ninety days.

(d) Notwithstanding divisions (D)(1)(a) to (c) of this section, if the offender was operating the motor vehicle at the time of the violation in a construction zone where a sign was posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the amount imposed for the violation under division (D)(1)(a), (b), or (c) of this section, as applicable.

(2) If the offender is in the category of offenders to whom division (D)(1)(a) of this section applies, in lieu of payment of the fine of one hundred fifty dollars under division (D)(1)(a) of this section and the assessment of points under division (D)(4) of this section, the offender instead may elect to attend the distracted driving safety course, as described in section 4511.991 of the Revised Code. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall not be required to pay the fine and shall not have the points assessed against that offender's driver's license if the offender submits the written evidence to the court within 90 days of the violation of division (A) of this section. However, successful completion of the course does not result in a dismissal of the charges for the violation, and the violation is a prior offense under divisions (D)(1)(b) and (c) of this section if the offender commits a subsequent violation or violations of division (A) of this section within two years of the offense for which the course was completed. This division does not apply with respect to any offender in the category of offenders to whom division (D)(1)(b), (c), or (d) of this section applies.

(3) The court may impose any other penalty authorized under sections 2929.21 to 2929.28 of the Revised Code. However, the court shall not impose a fine or a suspension not otherwise

specified in division (D)(1) of this section. The court also shall not impose a jail term or community residential sanction.

(4) Except as provided in division (D)(2) of this section, points shall be assessed for a violation of division (A) of this section in accordance with section 4510.036 of the Revised Code.

(5) The offense established under this section is a strict liability offense and section 2901.20 of the Revised Code does not apply. The designation of this offense as a strict liability offense shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

(E) This section shall not be construed as invalidating, preempting, or superseding a substantially equivalent municipal ordinance that prescribes penalties for violations of that ordinance that are greater than the penalties prescribed in this section for violations of this section.

(F) A prosecution for an offense in violation of this section does not preclude a prosecution for an offense in violation of a substantially equivalent municipal ordinance based on the same conduct. However, the two offenses are allied offenses of similar import under section 2941.25 of the Revised Code.

(G)(1) A law enforcement officer does not have probable cause and shall not stop the operator of a motor vehicle for purposes of enforcing this section unless the officer visually observes the operator using, holding, or physically supporting with any part of the person's body the electronic wireless communications device.

(2) A law enforcement officer who stops the operator of a motor vehicle, trackless trolley, or streetcar for a violation of division (A) of this section shall inform the operator that the operator may decline a search of the operator's electronic wireless communications device. The officer shall not do any of the following:

(a) Access the device without a warrant, unless the operator voluntarily and unequivocally gives consent for the officer to access the device;

(b) Confiscate the device while awaiting the issuance of a warrant to access the device;

(c) Obtain consent from the operator to access the device through coercion or any other improper means. Any consent by the operator to access the device shall be voluntary and unequivocal before the officer may access the device without a warrant.
