- (5) Continuing education requirements for renewal of a license, including rules providing for pro rata reductions by month of the number of hours of continuing education that must be completed for license holders who have been disabled by illness or accident or have been absent from the country. Rules adopted under this division shall be consistent with the continuing education requirements adopted by the commission on dietetic registration.
- (6) Any additional education requirements the board considers necessary, for applicants who have not practiced dietetics within five years of the initial date of application for licensure;
- (7) Standards of professional responsibility and practice for persons licensed under this chapter that are consistent with those standards of professional responsibility and practice adopted by the academy of nutrition and dietetics;

(9) Procedures for license renewal;

(10) Requirements for criminal records checks of applicants under section 4776.03 of the Revised Code.

(B)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4759.012 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. Upon a vote of the majority of the board to authorize the addition of a consumer member in the supervision of any part of any investigation, the president shall designate a consumer member for supervision of investigations as determined by the president. The authorization of consumer member participation in investigation supervision may be rescinded by a majority vote of the board. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, the board may issue subpoenas, question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, and compel the attendance of witnesses and the production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued

without consultation with the attorney general's office and approval of the secretary of the board.

Before issuance of a subpoena for patient record information, the secretary shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee or agent designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or limited permit issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

No person shall knowingly access, use, or disclose confidential investigatory information in a manner prohibited by law.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (a) The case number assigned to the complaint or alleged violation;
- (b) The type of license, if any, held by the individual against whom the complaint is directed;
- (c) A description of the allegations contained in the complaint;

(d) Whether witnesses were interviewed;

(e) Whether the individual against whom the complaint is directed is the subject of any pending complaints;

(f) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(7) The board may provide a status update regarding an investigation to a complainant on request if the board verifies the complainant's identity.

(C) The board shall keep records as are necessary to carry out the provisions of this chapter.

(D) The board shall maintain and publish on its internet web site the board's rules and requirements for licensure adopted under division (A) of this section.

(E) The board shall issue a license or limited permit to practice dietetics in accordance with Chapter 4796. of the Revised Code to an applicant if either of the following apply:

(1) The applicant holds a license or permit in another state.

(2) The applicant has satisfactory work experience, a government certification, or a private certification as described in that chapter as a dietitian in a state that does not issue that license.
