

## Ohio Revised Code

### Section 4765.16 Continuing education - development.

Effective: July 1, 2013

Legislation: House Bill 51 - 130th General Assembly

---

(A) All courses offered through an emergency medical services training program or an emergency medical services continuing education program, other than ambulance driving, shall be developed under the direction of a physician who specializes in emergency medicine. Each course that deals with trauma care shall be developed in consultation with a physician who specializes in trauma surgery. Except as specified by the state board of emergency medical, fire, and transportation services pursuant to rules adopted under section 4765.11 of the Revised Code, each course offered through a training program or continuing education program shall be taught by a person who holds the appropriate certificate to teach issued under section 4765.23 of the Revised Code.

(B) A training program for first responders shall meet the standards established in rules adopted by the board under section 4765.11 of the Revised Code. The program shall include courses in both of the following areas for at least the number of hours established by the board's rules:

- (1) Emergency victim care;
- (2) Reading and interpreting a trauma victim's vital signs.

(C) A training program for emergency medical technicians-basic shall meet the standards established in rules adopted by the board under section 4765.11 of the Revised Code. The program shall include courses in each of the following areas for at least the number of hours established by the board's rules:

- (1) Emergency victim care;
- (2) Reading and interpreting a trauma victim's vital signs;
- (3) Triage protocols for adult and pediatric trauma victims;

(4) In-hospital training;

(5) Clinical training;

(6) Training as an ambulance driver.

Each operator of a training program for emergency medical technicians-basic shall allow any pupil in the twelfth grade in a secondary school who is at least seventeen years old and who otherwise meets the requirements for admission into such a training program to be admitted to and complete the program and, as part of the training, to ride in an ambulance with emergency medical technicians-basic, emergency medical technicians-intermediate, and emergency medical technicians-paramedic. Each emergency medical service organization shall allow pupils participating in training programs to ride in an ambulance with emergency medical technicians-basic, advanced emergency medical technicians-intermediate, and emergency medical technicians-paramedic.

(D) A training program for emergency medical technicians-intermediate shall meet the standards established in rules adopted by the board under section 4765.11 of the Revised Code. The program shall include, or require as a prerequisite, the training specified in division (C) of this section and courses in each of the following areas for at least the number of hours established by the board's rules:

(1) Recognizing symptoms of life-threatening allergic reactions and in calculating proper dosage levels and administering injections of epinephrine to persons who suffer life-threatening allergic reactions, conducted in accordance with rules adopted by the board under section 4765.11 of the Revised Code;

(2) Venous access procedures;

(3) Cardiac monitoring and electrical interventions to support or correct the cardiac function.

(E) A training program for emergency medical technicians-paramedic shall meet the standards established in rules adopted by the board under section 4765.11 of the Revised Code. The program

shall include, or require as a prerequisite, the training specified in divisions (C) and (D) of this section and courses in each of the following areas for at least the number of hours established by the board's rules:

- (1) Medical terminology;
  - (2) Venous access procedures;
  - (3) Airway procedures;
  - (4) Patient assessment and triage;
  - (5) Acute cardiac care, including administration of parenteral injections, electrical interventions, and other emergency medical services;
  - (6) Emergency and trauma victim care beyond that required under division (C) of this section;
  - (7) Clinical training beyond that required under division (C) of this section.
- (F) A continuing education program for first responders, EMTs-basic, EMTs-I, or paramedics shall meet the standards established in rules adopted by the board under section 4765.11 of the Revised Code. A continuing education program shall include instruction and training in subjects established by the board's rules for at least the number of hours established by the board's rules.
