(A) For all cases involving applications for an increase in rates pursuant to section 4909.18 of the Revised Code the public utilities commission shall hold public hearings in each municipal corporation in the affected service area having a population in excess of one hundred thousand persons, provided that, at least one public hearing shall be held in each affected service area. (2) At the same time the abbreviated notice is published, the notice in the first publication is posted in its entirety on the newspaper's web site, if the newspaper has a web site, and the commission's web site.

(3) The abbreviated notice contains a statement of the web site posting or postings, as applicable, and instructions for accessing the posting or postings.

(B) The commission shall determine a format for the content of all notices required under this section, and shall consider costs and technological efficiencies in making that determination. Defects in the publication of said notice shall not affect the legality or sufficiency of notices published under this section provided that the commission has substantially complied with this section, as described in section 4905.09 of the Revised Code.
