

## Ohio Revised Code

### Section 4928.104

Effective: August 14, 2025

Legislation: House Bill 15

---

(A) A competitive retail electric service supplier may offer alternative billing and payment structures as agreed upon in a service contract with a mercantile customer, without restriction to specific models, provided the supplier complies with applicable laws and regulations. The alternative billing and payment structure may include any of the following:

- (1) Daily, weekly, or milestone-based payments;
- (2) Online-only billing and payment requirements;
- (3) Prepayment-based service structures.

(B) The public utilities commission shall not prohibit a competitive retail electric service supplier from requiring electronic payment methods as a condition of service under a non-traditional billing agreement.
