

Ohio Revised Code

Section 5121.32 Annual determination of per diem charge and rate per hospital.

Effective: September 30, 2025

Legislation: House Bill 96

On an annual basis, the department of mental health and addiction services shall determine both of the following using generally accepted governmental accounting principles:

- (A) The per diem charge for each hospital operated by the department;
- (B) The ancillary per diem rate for each hospital operated by the department.

In determining a hospital's per diem charge and ancillary per diem rate, the department shall consider the average actual per diem cost of maintaining and treating a patient at the hospital or, at the department's discretion, the average actual per diem cost of maintaining and treating a patient in a unit of the hospital.
