### Section 5122.03 Release of voluntary patients.

Effective: September 17, 2014

Legislation: Senate Bill 43 - 130th General Assembly

---

A patient admitted under section 5122.02 of the Revised Code who requests release in writing, or whose release is requested in writing by the patient's counsel, legal guardian, parent, spouse, or adult next of kin shall be released forthwith, except that when:

- (A) The patient was admitted on the patient's own application and the request for release is made by a person other than the patient, release may be conditional upon the agreement of the patient; or
- (B) The chief clinical officer of the hospital, within three court days from the receipt of the request for release, files or causes to be filed with the court of the county where the patient is hospitalized or of the county where the patient is a resident, an affidavit under section 5122.11 of the Revised Code. Release may be postponed until the hearing held under section 5122.141 of the Revised Code. A telephone communication within three court days from the receipt of the request for release from the chief clinical officer to the court, indicating that the required affidavit has been mailed, is sufficient compliance with the time limit for filing such affidavit.

If the court finds that the patient is a mentally ill person subject to court order, all provisions of this chapter with respect to involuntary hospitalization apply to such person.

Judicial proceedings for hospitalization shall not be commenced with respect to a voluntary patient except pursuant to this section.
