

Ohio Revised Code

Section 5505.16 Application for retirement.

Effective: September 29, 2017

Legislation: House Bill 362, House Bill 49 - 132nd General Assembly

(A) As used in this section, "member" has the same meaning as in section 5505.01 of the Revised Code, except that it also includes a former member who has earned service credit and has not received a refund of accumulated contributions under section 5505.19 of the Revised Code.

A member who became a member of the state highway patrol before January 1, 2020, may be granted retirement under this division if the member has twenty-five years of service credit according to the rules adopted by the state highway patrol retirement board and has attained age forty-eight. If the member is under age forty-eight, retirement under this division shall be deferred until age forty-eight.

(B) A member who has twenty years of service credit according to the rules adopted by the retirement board, may be granted retirement under this division if the member has attained age fifty-two. If the member is under age fifty-two, retirement under this division shall be deferred until age fifty-two, except that any such member who has twenty years of service credit may, on or after attaining age forty-eight but before attaining age fifty-two, elect to retire and receive a reduced pension under this division of the greater of nine hundred dollars or an amount computed as follows:

Attained Age	Reduced Pension
48	75% of normal service pension
49	80% of normal service pension
50	86% of normal service pension
51	93% of normal service pension

The reduced pension is payable from the later of the date of the member's most recent birthday or the date the member becomes eligible to receive the reduced pension.

A member who has elected to receive a reduced pension in accordance with the schedule provided in this division and has received a payment in connection therewith may not change the election.

(C) Any member who attains the age of sixty years and has twenty years of service credit according to the rules adopted by the board, shall file application for retirement with the board, and if the member refuses or neglects to do so, the board may deem the member's application to have been filed on the member's sixtieth birthday. The member may, upon written application approved by the superintendent of the state highway patrol, be continued in service after attaining the age of sixty years, but only until the member has accumulated twenty years of service credit in accordance with rules adopted by the board.

(D)(1) As used in this division:

(a) "Service in the uniformed services" means the performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority and includes active duty, active duty for training, initial active duty for training, inactive duty training, full-time national guard duty, and a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty.

(b) "Uniformed services" of the United States includes both:

(i) Army, navy, air force, marine corps, coast guard, or any reserve components of these services; auxiliary corps as established by congress; army nurse corps; navy nurse corps; service as red cross nurse with the army, navy, air force, or hospital service of the United States, or serving full-time with the American red cross in a combat zone; and such other service as is designated by congress as included therein;

(2) A member's total service credit may include periods not to exceed a total of seven years, while the member's employment with the state highway patrol is or was interrupted due to service in the uniformed services of the United States. Such military service shall be credited to the member

towards total service as provided by this chapter and to the extent approved by the board, provided that:

- (a) The member is or was honorably discharged from service in the uniformed services;
 - (b) The member is or was re-employed by the state highway patrol within ninety days immediately following termination of service in the uniformed services;
 - (c) The member, subject to board rules, pays into the retirement system to the member's credit in the employees' savings fund an amount equal to the total contributions the member would have paid had state highway patrol employment not been so interrupted. Such payment may be made at any time prior to receipt of a pension.
- (3) If the member meets the requirements of division (D)(2) of this section, on receipt of contributions from the member, the state highway patrol shall be billed for the employer contribution that would have been paid pursuant to section 5505.15 of the Revised Code if the member had not rendered service in the uniformed services, subject to board rules.
- (4) If under division (D)(2)(c) of this section a member pays all or any portion of the contributions later than the lesser of five years or a period that is three times the member's period of service in the uniformed services beginning from the member's date of re-employment, an amount equal to compound interest at a rate established by the board from the member's date of re-employment to the date of payment shall be added to the remaining amount to be paid by the member to purchase service credit under this section.
- (5) Credit purchased by a member under division (D)(2) of this section shall be used to determine the member's eligibility for retirement under this section and section 5505.17 of the Revised Code.
