

## Ohio Revised Code Section 5535.04 Service highways.

Effective: September 28, 1973

Legislation: House Bill 200 - 110th General Assembly

---

As an adjunct of any "limited access highway" or "freeway," the director of transportation, board of county commissioners, and municipal authorities may lay out and construct highways and drives, to be designated as service highways, to provide access from areas adjacent to a limited access highway or freeway, when they are deemed necessary in the public interest.
