

Ohio Revised Code

Section 5537.03 Turnpike and infrastructure projects.

Effective: July 1, 2013

Legislation: House Bill 51 - 130th General Assembly

In order to remove present and anticipated handicaps and potential hazards on the congested highways in this state, to facilitate vehicular traffic throughout the state, to finance infrastructure projects that improve and enhance mobility in Ohio, and also to promote the agricultural, recreational, tourism, and commercial, industrial, and economic development of the state, and to provide for the general welfare by the construction, improvement, and maintenance of modern express highways embodying safety devices, including without limitation center divisions, ample shoulder widths, long sight distances, multiple lanes in each direction, and grade separations at intersections with other public roads and railroads, the Ohio turnpike and infrastructure commission may do the following:

(A) Subject to section 5537.26 of the Revised Code, construct, maintain, repair, and operate a system of turnpike projects at locations that are reviewed by the turnpike legislative review committee and approved by the governor, and in accordance with alignment and design standards that are approved by the director of transportation, and issue revenue bonds of this state, payable solely from pledged revenues, to pay the cost of those projects. The turnpikes and turnpike projects authorized by this chapter are hereby or shall be made part of the Ohio turnpike system.

(B) Provide the infrastructure funds to pay the cost or a portion of the cost of infrastructure projects as recommended by the director of transportation pursuant to a determination made by the commission based on criteria set forth in rules adopted by the commission under section 5537.18 of the Revised Code. A determination by the commission to provide infrastructure funds for an infrastructure project shall be conclusive and incontestable.
