

## Ohio Revised Code

### Section 5563.17 Procedure after judgment establishing improvement.

Effective: January 1, 1966

Legislation: Senate Bill 94 - 106th General Assembly

---

If an appeal is taken from the order of the board of county commissioners dismissing or refusing to grant the prayer of a petition for a road improvement, and the jury finds in favor of such improvement, the court shall render judgment establishing such improvement, unless a new trial is granted by the court, and the said improvement shall be established unless the judgment of such court is reversed. The board shall thereupon take the necessary steps to have the improvement platted and surveyed, and shall proceed to have the compensation and damages, on account of such improvement, determined.
