(ii) If the ratio of the municipal current expense allocation to total resources is greater than the threshold per cent, the municipal current expense allocation minus the product of total resources multiplied by the threshold per cent.

(2) For any local taxing unit or public library with operating fixed-rate levy losses greater than zero, the operating fixed-rate levy loss shall be allocated among all qualifying operating fixed-rate levies in proportion to each such levy's share of the payments received in tax year 2014. In fiscal year 2016 and thereafter, if a levy to which operating fixed-rate levy loss is allocated is no longer charged and payable, the payment to the local taxing unit or public library shall be reduced by the amount allocated to the levy that is no longer charged and payable.

(D)(1) Except as provided in division (D)(2) of this section, the tax commissioner shall make payments to local taxing units equal to the sum of TPP inside millage debt levy loss and S.B. 3 inside millage debt levy loss. The payment shall be computed regardless of whether the qualifying municipal corporation qualifies for a payment under any other division of this section for the fiscal year in which the payment is computed under this division. For the purposes of this division, the commissioner may require an electric distribution company distributing qualifying kilowatt hours or, if the end user is a self-assessing purchaser, the end user, to report to the commissioner the number of qualifying kilowatt hours distributed through the meter of the qualifying end user.

(F)(1) The payments required to be made under divisions (C), (D), and (H) of this section shall be paid from the local government tangible property tax replacement fund to the county undivided income tax fund in the proper county treasury. Within thirty days after receipt of such payments, the county treasurer shall distribute amounts determined under this section to the proper local taxing unit or public library as if they had been levied and collected as taxes, and the local taxing unit or public library shall allocate the amounts so received among its funds in the same proportions as if those amounts had been levied and collected as taxes.

(2) On or before the last day of August and of February of each fiscal year that follows a calendar year in which taxes are paid on the basis of qualifying kilowatt hours of electricity distributed through the meter of a qualifying end user located in a qualifying municipal corporation, one-half of the payment computed under division (E) of this section shall be paid from the local government tangible personal property tax replacement fund directly to the qualifying municipal corporation. The municipal corporation shall credit the payments to a special fund created for the purpose of providing grants or other financial assistance to the qualifying end user or to compensate the municipal corporation for municipal income tax or other tax credits or reductions as the legislative authority may grant to the qualifying end user. Such grants or other financial assistance may be provided for

by ordinance or resolution of the legislative authority of the qualifying municipal corporation and may continue for as long as is provided by the ordinance or resolution.

(G) If all or a part of the territories of two or more local taxing units are merged, or unincorporated territory of a township is annexed by a municipal corporation, the tax commissioner shall adjust the payments made under this section to each of the local taxing units in proportion to the square mileage of the merged or annexed territory as a percentage of the total square mileage of the jurisdiction from which the territory originated, or as otherwise provided by a written agreement between the legislative authorities of the local taxing units certified to the commissioner not later than the first day of June of the calendar year in which the payment is to be made.

(H) For fiscal years 2022 through 2026, if the total amount to be received under division (C) of this section by a joint fire district that has a nuclear power plant located within its territory is less than the amount the district received under this section in fiscal year 2017, the district shall receive a supplemental payment equal to the difference between the amount to be received under that division for the fiscal year and the amount received under this section in fiscal year 2017.
