For the years 2002 through 2006, this computation shall include school district emergency levies that existed in 1998 in the case of the electric company tax value loss, and 1999 in the case of the natural gas company tax value loss, and all other fixed-sum levies that existed in 1998 in the case of the electric company tax value loss and 1999 in the case of the natural gas company tax value loss and continue to be charged in the tax year preceding the distribution year. For the years 2007 through 2016 in the case of school district emergency levies, and for all years after 2006 in the case of all other fixed-sum levies, this computation shall exclude all fixed-sum levies that existed in 1998 in the case of the electric company tax value loss and 1999 in the case of the natural gas company tax value loss, but are no longer in effect in the tax year preceding the distribution year. For the purposes of this section, an emergency levy that existed in 1998 in the case of the electric company tax value loss, and 1999 in the case of the natural gas company tax value loss, continues to exist in a year beginning on or after January 1, 2007, but before January 1, 2017, if, in that year, the board of education levies a school district emergency levy for an annual sum at least equal to the annual sum levied by the board in tax year 1998 or 1999, respectively, less the amount of the payment certified under this division for 2002.

(2) The total taxable value in tax year 1999 less the tax value loss in each school district, joint vocational school district, and local taxing unit multiplied by one-fourth of one mill.

If the amount computed under division (H) of this section for any school district, joint vocational school district, or local taxing unit is greater than zero, that amount shall equal the fixed-sum levy loss reimbursed pursuant to division (F) of section 5727.85 of the Revised Code or division (A)(2) of

section 5727.86 of the Revised Code, and the one-fourth of one mill that is subtracted under division (H)(2) of this section shall be apportioned among all contributing fixed-sum levies in the proportion of each levy to the sum of all fixed-sum levies within each school district, joint vocational school district, or local taxing unit.

(I) Notwithstanding divisions (D), (E), (G), and (H) of this section, in computing the tax value loss, fixed-rate levy loss, and fixed-sum levy loss, the tax commissioner shall use the greater of the 1998 tax rate or the 1999 tax rate in the case of levy losses associated with the electric company tax value loss, but the 1999 tax rate shall not include for this purpose any tax levy approved by the voters after June 30, 1999, and the tax commissioner shall use the greater of the 1999 or the 2000 tax rate in the case of levy losses associated with the natural gas company tax value loss.

(J) Not later than January 1, 2002, the tax commissioner shall certify to the department of education the tax value loss determined under divisions (D) and (E) of this section for each taxing district, the fixed-rate levy loss calculated under division (G) of this section, and the fixed-sum levy loss calculated under division (H) of this section. The calculations under divisions (G) and (H) of this section shall separately display the levy loss for each levy eligible for reimbursement.

(K) Not later than September 1, 2001, the tax commissioner shall certify the amount of the fixed-sum levy loss to the county auditor of each county in which a school district with a fixed-sum levy loss has territory.
