Effective: April 3, 2025

Legislation: House Bill 315

---

Terms used in this section have the same meanings as in section 122.84 of the Revised Code.

There is allowed a nonrefundable credit against the tax imposed by section 5729.03 of the Revised Code for a foreign insurance company that is issued, or to which is transferred, a tax credit certificate under section 122.84 of the Revised Code. The credit equals the amount stated on the certificate and may be claimed for the calendar year that includes the investment period that was the subject of the application for the certificate under that section or for the ensuing calendar year.

The credit authorized in this section shall be claimed in the order required under section 5729.98 of the Revised Code. If the amount of a credit exceeds the tax otherwise due under section 5729.03 of the Revised Code after deducting all other credits preceding the credit in that order, the excess may be carried forward for not more than five ensuing calendar years. The amount of the excess credit claimed in any such year shall be deducted from the balance carried forward to the next calendar year.

No credit shall be claimed under this section to the extent the credit was claimed under section 5725.38, 5726.61, or 5747.86 of the Revised Code.

A foreign insurance company shall not be required to pay any additional tax levied under section 5729.06 of the Revised Code as a result of claiming the tax credit authorized by this section.
