

## Ohio Revised Code Section 6109.34 Right of entry.

Effective: December 14, 1978

Legislation: Senate Bill 445 - 112th General Assembly

---

The director of environmental protection or his duly authorized representative may enter at reasonable times upon any private or public property to inspect and investigate conditions relating to the construction, maintenance, and operation of a public water system, and may take samples for analysis. If entry or inspection authorized by this section is refused, hindered, or thwarted, the director or his authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.
