(A) Notwithstanding sections 711.001 to 711.13 of the Revised Code and except as provided in division (C) of this section, unless the rules adopted under section 711.05, 711.09, or 711.10 of the Revised Code are amended pursuant to division (B) of this section, a proposed division of a parcel of land along an existing public street, not involving the opening, widening, or extension of any street or road, and involving no more than five lots after the original tract has been completely subdivided, may be submitted to the planning authority having approving jurisdiction of plats under section 711.05, 711.09, or 711.10 of the Revised Code for approval without plat. If the authority acting through a properly designated representative finds that a proposed division is not contrary to applicable platting, subdividing, zoning, health, sanitary, or access management regulations, regulations adopted under division (B)(3) of section 307.37 of the Revised Code regarding existing surface or subsurface drainage, or household sewage treatment rules adopted under section 3718.02 of the Revised Code, it shall approve the proposed division within seven business days after its submission and, on presentation of a conveyance of the parcel, shall stamp the conveyance "approved by (planning authority); no plat required" and have it signed by its clerk, secretary, or other official as may be designated by it. The planning authority may require the submission of a sketch and other information that is pertinent to its determination under this division.
