

Ohio Revised Code

Section 723.43 Pavement of streets where railways are constructed.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

The legislative authority of a municipal corporation may require any part of the track between the rails of any street railway constructed within the municipal corporation limits to be paved with stone, gravel, boulders, or wooden or asphaltic pavement, but beyond such limits paving between the rails with stone, boulders, or wooden or asphaltic pavement shall not be required.
