

## Ohio Revised Code

### Section 927.58 Notifying director of arrival of foreign nursery stock.

Effective: November 18, 1969

Legislation: Senate Bill 387 - 108th General Assembly

---

The director of agriculture may require any person who receives, directly or indirectly, nursery stock from a foreign country to notify the department of agriculture of the arrival of such shipment, the contents thereof, and the name and address of the consignor. If instructed to do so by the director, such person shall hold any such shipment unopened until inspected or released by the director. Any infested stock which is discovered in such shipment is subject to sections 927.68 and 927.70 of the Revised Code.
