

Ohio Revised Code

Section 953.30 Loading platform requirements.

Effective: October 22, 1969

Legislation: House Bill 260 - 108th General Assembly

(A) Each loading platform shall:

- (1) Be provided with floors constructed of concrete or some other nonabsorbent material;
- (2) Have an adequate supply of water and steam or other facilities to clean floors or means of conveyance;
- (3) Have adequate drainage as determined by the department.

(B) Each loading platform, and all equipment used therewith, shall at all times be kept in a reasonably sanitary condition.
